SALVA'S JAM

Delight in the perfect blend of Salva's ripe mangoes and crisp apples in this exquisite jam. With its natural sweetness and a touch of tartness, it captures the essence of sunny orchards. Spread it generously on toast or pair it with cheeses for a delightful flavour combination. Experience the ultimate fruity indulgence with every spoonful.

Salva's Cake Gel:

Salva's Foods Cake Gel Is A Unique Combination Of Plant-based Emulsifiers, Which Acts As A Batter-aerating Agent, Increases Cake Volume And Fluffiness While Ensuring A Highly Stable Product, Reliable Production, And Consistent Baking Quality. The Advantage Of Using A Salva's Cake Gel Instead Of A Powder-based Emulsifier Is That The Gel Is Easier To Mix With The Remaining Ingredients In The Recipe. In Addition To This, Salva's Cake Gel Significantly Contributes To The Uniformity Of Cake Texture, Both Internal And External, Crumb Softening, And Uniform Dispersion Of The Air Cells Within The Cake. Cake Gel Can Be Added To Existing Cake Recipes, Without The Need For Additional Formula Modifications.

Benefits Of Using Salva's Cake Gel

Increased Size And Efficient Use Of Cake Batter

Can Be Added To Any Cake Recipe Without Tempering Taste

Improved Texture And Overall Finish

More Scrumptious And Evenly Flavored Cakes

Increased Softness

Cake Gels Have An Outstanding Aeration Potential, Which Strongly Flavors The Production Of Many Small, Uniform, And Stable Air Bubbles. As A Result, The Crumb Structure Is Finer, Leading To A Good Texture.

SALVA'S DONUT ICING RANGE
